

Call Upon Allah for Relief

Shaykh Saaleh al-Fawzaan, hafidhahullah

Q: If people are tested and befallen by misfortune, what is the thing which raises it from them? And how can they take refuge with Allah (عز وجل) in case they are tried with these ailments?

A: With du'a; Allah removes it from them with du'a. They call upon Allah to lift from them what afflicts them and to relieve them, and Allah is near and respondent. Secondly, if this calamity or tribulation has stricken them due to sin, then they repent to Allah from these offenses and from the sin which caused the punishment to befall them.
